

# ECOSENSE FOUNDATION & PETCORE EUROPE collaboration for certification

- ECOSENSE FOUNDATION has the commitment to implement the Circular Economy model in the thermoformed PET container sector.
- PETCORE represents the PET value chain in Europe.
- PETCORE and ECOSENSE joint expertise will support the Tray2Tray circularity enabling industry to meet EU legislative requirements and consumers' expectations

## The framework of this collaboration is based upon:

- ☐ ECOSENSE/RETRAY very well-established experience in the tray to tray certification area
- ☐ PETCORE the voice of the PET value chain in Europe and through TCEP provides support and guidance to the industry for promoting tray to tray recyclability and circularity
